## **FASHION NAPPA**

### **Premium Deer Nappa**

We have built our global reputation from our Premium Deer Nappa article. Our Premium Deer Nappa collection is renowned for its luxurious, soft, buttery touch. The article is prized by the world's foremost luxury garment, accessory and shoe brands. We also our Premium Deer Nappa in an attached and commercial selection.

### **Oxford Deer Nappa**

Oxford Deer Nappa has been crafted to give a firmer handle when compared to our Premium Deer Nappa. This gives the same unique grain character, with a slightly more different handle that is well suited to shoes and structured bags.

### **Kepler Deer Nappa**

Kepler is our showpiece vintage nappa. The article begins with a special wax, applied to the grain before a delicate ironing to release its full lustre. The grain is burnished under a low heat, and is tipped by our specially trained artisans. Together this accentuates the pebbled vintage look, offering a depth of fashion colour contrast.

### **Glacé Deer Nappa**

The Glacé Deer Nappa article is a flat grained, vegetable tanned leather developed exclusively by New Zealand Light Leathers. The article is finished with a structured, glossy look. The opportunity exists to selectively work the article to unlock its natural grain characteristics.

## **Glacier Deer Nappa**

Glacier is named for the alpine waters which give the article's characteristic appearance. The vegetable tanned leather is introduced to glacial water before being carefully hang-dried, enabling the leather to relax. Glacier is offered in both an ironed and un-ironed article.

## **Matt Deer Nappa**

Matt Deer Nappa has been crafted to showcase the virtuous natural beauty of New Zealand Deer leather, the leather is finished to give a touch that is warm, supple and mellow in appearance.

## **Oil Tan Deer Nappa**

The Oil Tan article is a new world interpretation of traditional Austrian fashion nappa. Our sämisch inspired methodology remains true to its fish tannage origin, renowned for its authentic handle and characteristic scent recognised by true sämisch craftsman.
