

NEW ZEALAND LIGHT LEATHERS LTD

NEW ZEALAND FARMED DEER LEATHER & SUEDE COLLECTION

Product List

Premium Deer Nappa

We have built our global reputation from our Premium Deer Nappa article. Our Premium Deer Nappa collection is renowned for its luxurious, soft, buttery touch. The article is prized by the world's foremost luxury garment, accessory and shoe brands.

Washed Elite Nappa

Washed Deer Nappa has been crafted to enhance the true grain effect of deer leather, delicately washing the leather, plumping the skin to a level that can only be achieved on New Zealand farmed deer leathers. Suitable for bags and shoes.

Tipped Deer Nappa

Tipped Deer is created from our beautiful vegetable tanned deer, then delicately washed and top colour tipped to create deer leather with wonderful depth of colour. Tipped Deer Nappa is suited for bags and shoes.

Tipped Classic Deer Nappa

Same as above with the grain effect enhanced.

Marbled Deer Nappa

Marbled Deer Nappa has also been designed to showcase our vegetable tanned deer. Marbled Deer is grain enhanced and suited for clients looking for vegetable tanned deer with a true deer grain structure.

Elite Classic Deer Nappa

Elite Deer has been fashioned from our classic deer tannage, grain enhanced and soft washed to produce beautiful grained deer leather. Ideally suited for bags and shoes.

Elite Deer Nappa

Same as above but not grain enhanced.

Allure Classic Deer Nappa

Allure Classic Deer is grain enhanced with very subtle colour contrast, its firm handle is ideally suited for clients looking for structured leathers. Allure has high performance specifications which are available on request.

Kepler Deer Nappa

Kepler is our showcase vintage nappa. The article begins with a special wax, applied to the grain before a delicate ironing to release its full lustre. The grain is burnished under a low heat, and is tipped by our specially trained artisans. Together this accentuates the pebbled vintage look, offering a depth of fashion colour contrast.

Glace Deer Nappa

The Glace Deer Nappa article is flat grained, vegetable tanned leather developed exclusively by New Zealand Light Leathers. The article is finished with a structured, glossy look. The opportunity exists to selectively work the article to unlock its natural grain characteristics.

Oil Tan Deer Nappa

The Oil Tan article is a new world interpretation of traditional Austrian fashion nappa. Our samisch inspired methodology remains true to its fish tannage origin, renowned for its authentic handle and characteristic scent recognised by true samisch craftsman.

Consort Classic Deer Nappa

Our high specification Consort Deer Nappa has been developed to offer you certainty in areas of technical attributes. Consort is grain enhanced and then technically finished to maintain beautiful hand feel and softness.

Fashion Suede

Velvet Deer Suede

Our Velvet Suede is a beautiful full lustre article. We offer a comprehensive spectrum of colours to suit your likings, from earthy shades to vibrant hues. The secret to velvet appearance is the unique finish we apply to enrich the life, lustre and brightness of your article. Our suedes are ideal for shoes, bags and garments.

Upholstery Nappa

Active Deer Nappa

Our Active Deer Nappa article has been developed to meet the demanding technical specification required for interior furnishings. Special attention is given to retaining the beautiful natural softness you experience with Premium Deer Nappa.
